BARNWOOD BLUE WEBWALL THIN VENEER 8 LINEAR FOOT HANDIPACK

Its artistic assemblage of irregular and random shapes consists of pieces ranging in diameters from 3" to 16" for both full and thin stone veneer. Grays, dark grays, charcoals, whites, blues, tans with occasional greens, buffs, and blacks add depth to its robust natural stone color range. The resulting blend of natural stone (schist) pieces has a similar look to a granite stone veneer.
