## BRUSSELS BLOCK STANDARD (MAHOGANY ASH)

Brussels Block is the original tumbled paver, first introduced to North America by Unilock in 1993. These pavers are literally 'tumbled' in a drum to create an antiqued patina that brings timeless warmth and a relaxed appearance to any project. Reflecting the design cues of quarried stone, Brussels Block was traditionally sold in the standard and half stone sizes, until the XL size was introduced to increase the range of patterning possibilities. Today, Brussels Block is available in a number of colors and continues to be a popular choice for rustic driveway, patio and walkway projects.
