## CHILTON SHIMS

Chilton Shims bring sky tones to our Patio and Paving and Wall Stone Lines. Shims aid in the installation of wall stone to help level layers on the wall, are used for retaining ground on small walls, and can be used as stepping stones. Chilton Shims range in diameters of irregular shapes from 4" to 10" and are available in heights from 3/4" to 3". Their natural color range includes purples, lavenders, mauves, grays, buffs, blues, and browns.
