CHILTON THIN VENEER RUSTIC ASHLAR 8 LINEAR FOOT HANDIPACK

The finest masonry units of dressed and cut stones that are worked until squared. Capable of thin joints between stones, the linear appearance of an ashlar pattern stone installation results in the most traditional natural stone masonry application. Pieces range in heights from 1/2" to 8" and lengths from 6" up to 42" for full veneer and 6" up to 24" for thin stone veneer. Browns, buffs, oranges, yellows, reds, and rusts add depth to its exquisite natural stone color range.
