DRAIN N DRY RAIN/LATH 150SF ROLL

The draining and drying wall system that unifies each critical component into a single, high-performance product-one that requires less fasteners and fewer penetrations. Seamlessly integrating a chemical and corrosion resistant fiberglass lath, a 10mm rainscreen and a secondary water-resistant barrier into individual 150-square foot, easy-to-cut, lightweight rolls. This product actually reduces your installation time to help you quickly deliver a final product that will last the test of time.
