HADCO FLEXSCAPE LED ACCENT LIGHT WITH MOUNTING STAKE 12W (BLACK)

BL9 FlexScape LED Accent Luminaire with mounting stake features convenient beam adjustability with easy on-site lighting effect changes and lockable aiming making it well suited for accenting objects, textures, walls, trees, etc. Housing is made of die-cast aluminum with thermoset polyester powder coat electrostatically applied available in Bronze or Black. Includes 10 watt single Luxeon M LED with choice of 3000K or 4000K color temperature, 70CRI, and 12 volt Class 2 driver with integral switch providing customer access to the adjustment between four preset light levels. Low iron tempered flat clear glass lens with c-channel gasket that slips onto lens without tools. Zoomable optic made of injection molded clear acrylic with select surfaces textured. Lens provides narrow 15 degree to medium 35 degree beam pattern, depending on the position, or wide 60 degree flood output. Includes S7 low voltage mounting stake. ETL listed for wet locations. IP66 rated. 5 year warranty. 2.24 inch diameter x 4.56 inch height x 5.04 inch depth. Requires 12 volt remote transformer, sold separately.
