Solid Brass

INTEGRAL LIGHTING LED PATH LIGHT (BRASS) 2700K WARM WHITE

When you're making lighting fixtures for outdoor enthusiasts, material choice is just one part of the design process. All of the small details matter, from comfortable color outputs, to customizable finish options, to simplicity of installation, to responsible product life cycle. Day and night, our fixtures are thoughtfully created to be an element in your design. Virtually invisible by day, fixtures fit discreetly into walls and under caps. By night, they accent your project and lengthen the usability of your space.

SKU 15154
