WINDSOR CAP (BUFF)

Lightweight and easy to handle, the Windsor Stone block is the perfect choice for stone-look retaining wall projects up to 2 feet high, including the buried course, but excluding the cap. A matching concrete retaining wall cap stone completes the system. The traditional face style of the Windsor Stone® retaining wall system gives any garden stone-look wall a timeless appearance. Planter rings, raised gardens, terraces and retaining walls, you name it - projects look great with the Windsor Stone wall system. Plus, it features the rear-lip locator for quick and easy installation.
